#### AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

##### **Listing of Claims:**

1. (Currently Amended) An absorbent product comprising a package and at least n absorbent articles contained in the package, wherein n is greater than 10, each of the absorbent articles comprising: a topsheet, a backsheet, and an absorbent core disposed between the topsheet and the backsheet, the topsheet and the backsheet defining a first waist region longitudinally opposed to a second waist region, wherein the first and second waist regions are connectable with each other to form a waist opening, each of the absorbent articles further comprising a reference mark and a printed graphic printed directly on the backsheet; and

wherein the printed graphic of each of the n absorbent articles is different from the graphic of each of the remaining absorbent articles, and wherein all of the printed graphics of the n absorbent articles have a predetermined association;

wherein the backsheet of each of the absorbent articles comprises a microporous film material having a body facing surface and a garment facing surface, and wherein each printed graphic is printed directly on the garment facing surface of the microporous film material; and

wherein the backsheet of each of the absorbent articles further comprises a nonwoven material joined with the garment facing surface of the microporous film material, and wherein the printed graphic is visible through the nonwoven material; and

wherein the predetermined association includes a common theme; and-
